Thank you

Mrs. Lindskog

In 1985, Mrs. Suzanne Lindskog came to the Middleborough Public Schools to serve as an Educational Support Personnel Member of our educational team at the elementary level. Thirty-one years later, she has a legacy that spans thousands of hours of service contributing to a group of students from kindergarten through high school. Her work, whether in the classroom or in the front office, is known for its efficiency, professionalism, and quality to all. Many of the students, families, and staff have formed life-long friendships with Suzanne over the years.

Suzanne is one of the most dedicated staff members the district has had. As she closes out her time at Middleborough High School and moves on to the next segment of her life, her influence on the lives of so many students, families, and staff will remain. Suzanne has been dedicated throughout her career to the mission and vision of the Middleborough Public Schools, and she has always found ways to ensure students are at the forefront of all that is done.

Our students, families, and staff have truly benefitted from having known Suzanne. We are grateful for her hard work, her dedication to students, and her outstanding communication, which forged trust and mutual respect between and among all stakeholders of the school community.

Administration

Principal Paul Branagan

Congratulations to the Class of 2016! Words can't truly express how proud I am of this graduating class. We both entered Middleborough High School together on a journey that would write an incredible story. You entered in the fall of 2012 as a freshman. I entered in the fall of 2012 as your Principal. Together, we chartered a path to create excellence, and you have exceeded my expectations in all aspects of student life at Middleborough High School. I have watched you grow into incredible students of high academic rigor, athletes, humanitarians, and Sachems!

In all of these experiences, one thing is consistent: your love for the Orange and Black. Class of 2016, you truly have left your mark on the entire MHS Community. We have become a school of excellence because you have led the way to achieve such growth as a school. My friends, you define excellence. Thank you for inspiring a school to be better. We will never forget what you have contributed. As you know, the focus of our school year is based on the word "teamwork". Teamwork is defined as "the ability to work together toward a common vision". You have embodied the concept of teamwork through the close-knit group this senior class has become. Thank you for being role models for the classes that will follow. I wish each of you the very best as you step off into the next chapter of your life. You are ready for this step. Believe in yourself and always remember that your high school looks at you with such confidence that you are ready to make your contributions to the world. Many will say that no one can change the world. However, for those that doubt that people can change the world…they have yet to meet the Class of 2016 from Middleborough High School. I look forward to seeing the way you impact the world around you. I know you will do it! Always remember, you have a home in Middleborough and I will always be there for you holding the door open. Best wishes for an incredible future.

Superintendant Brian Lynch

Dear M.H.S. Class of 2016,

Congratulations! I would like you to know that it has been an incredible honor and privilege to serve as your Superintendent of Schools this year. The only disappointment I feel is that my freshman year in this leadership position was your senior year as Middleborough Public School students! As most of you may know, I have always had a personal connection with this class and I've been fortunate, both as a parent and a community member, to watch you mature into the great group of young people you have become. Throughout your school years, you have been consistently recognized as a strong and cohesive class, and as high school seniors, you have confidently served as positive role models for countless current and future Sachems.

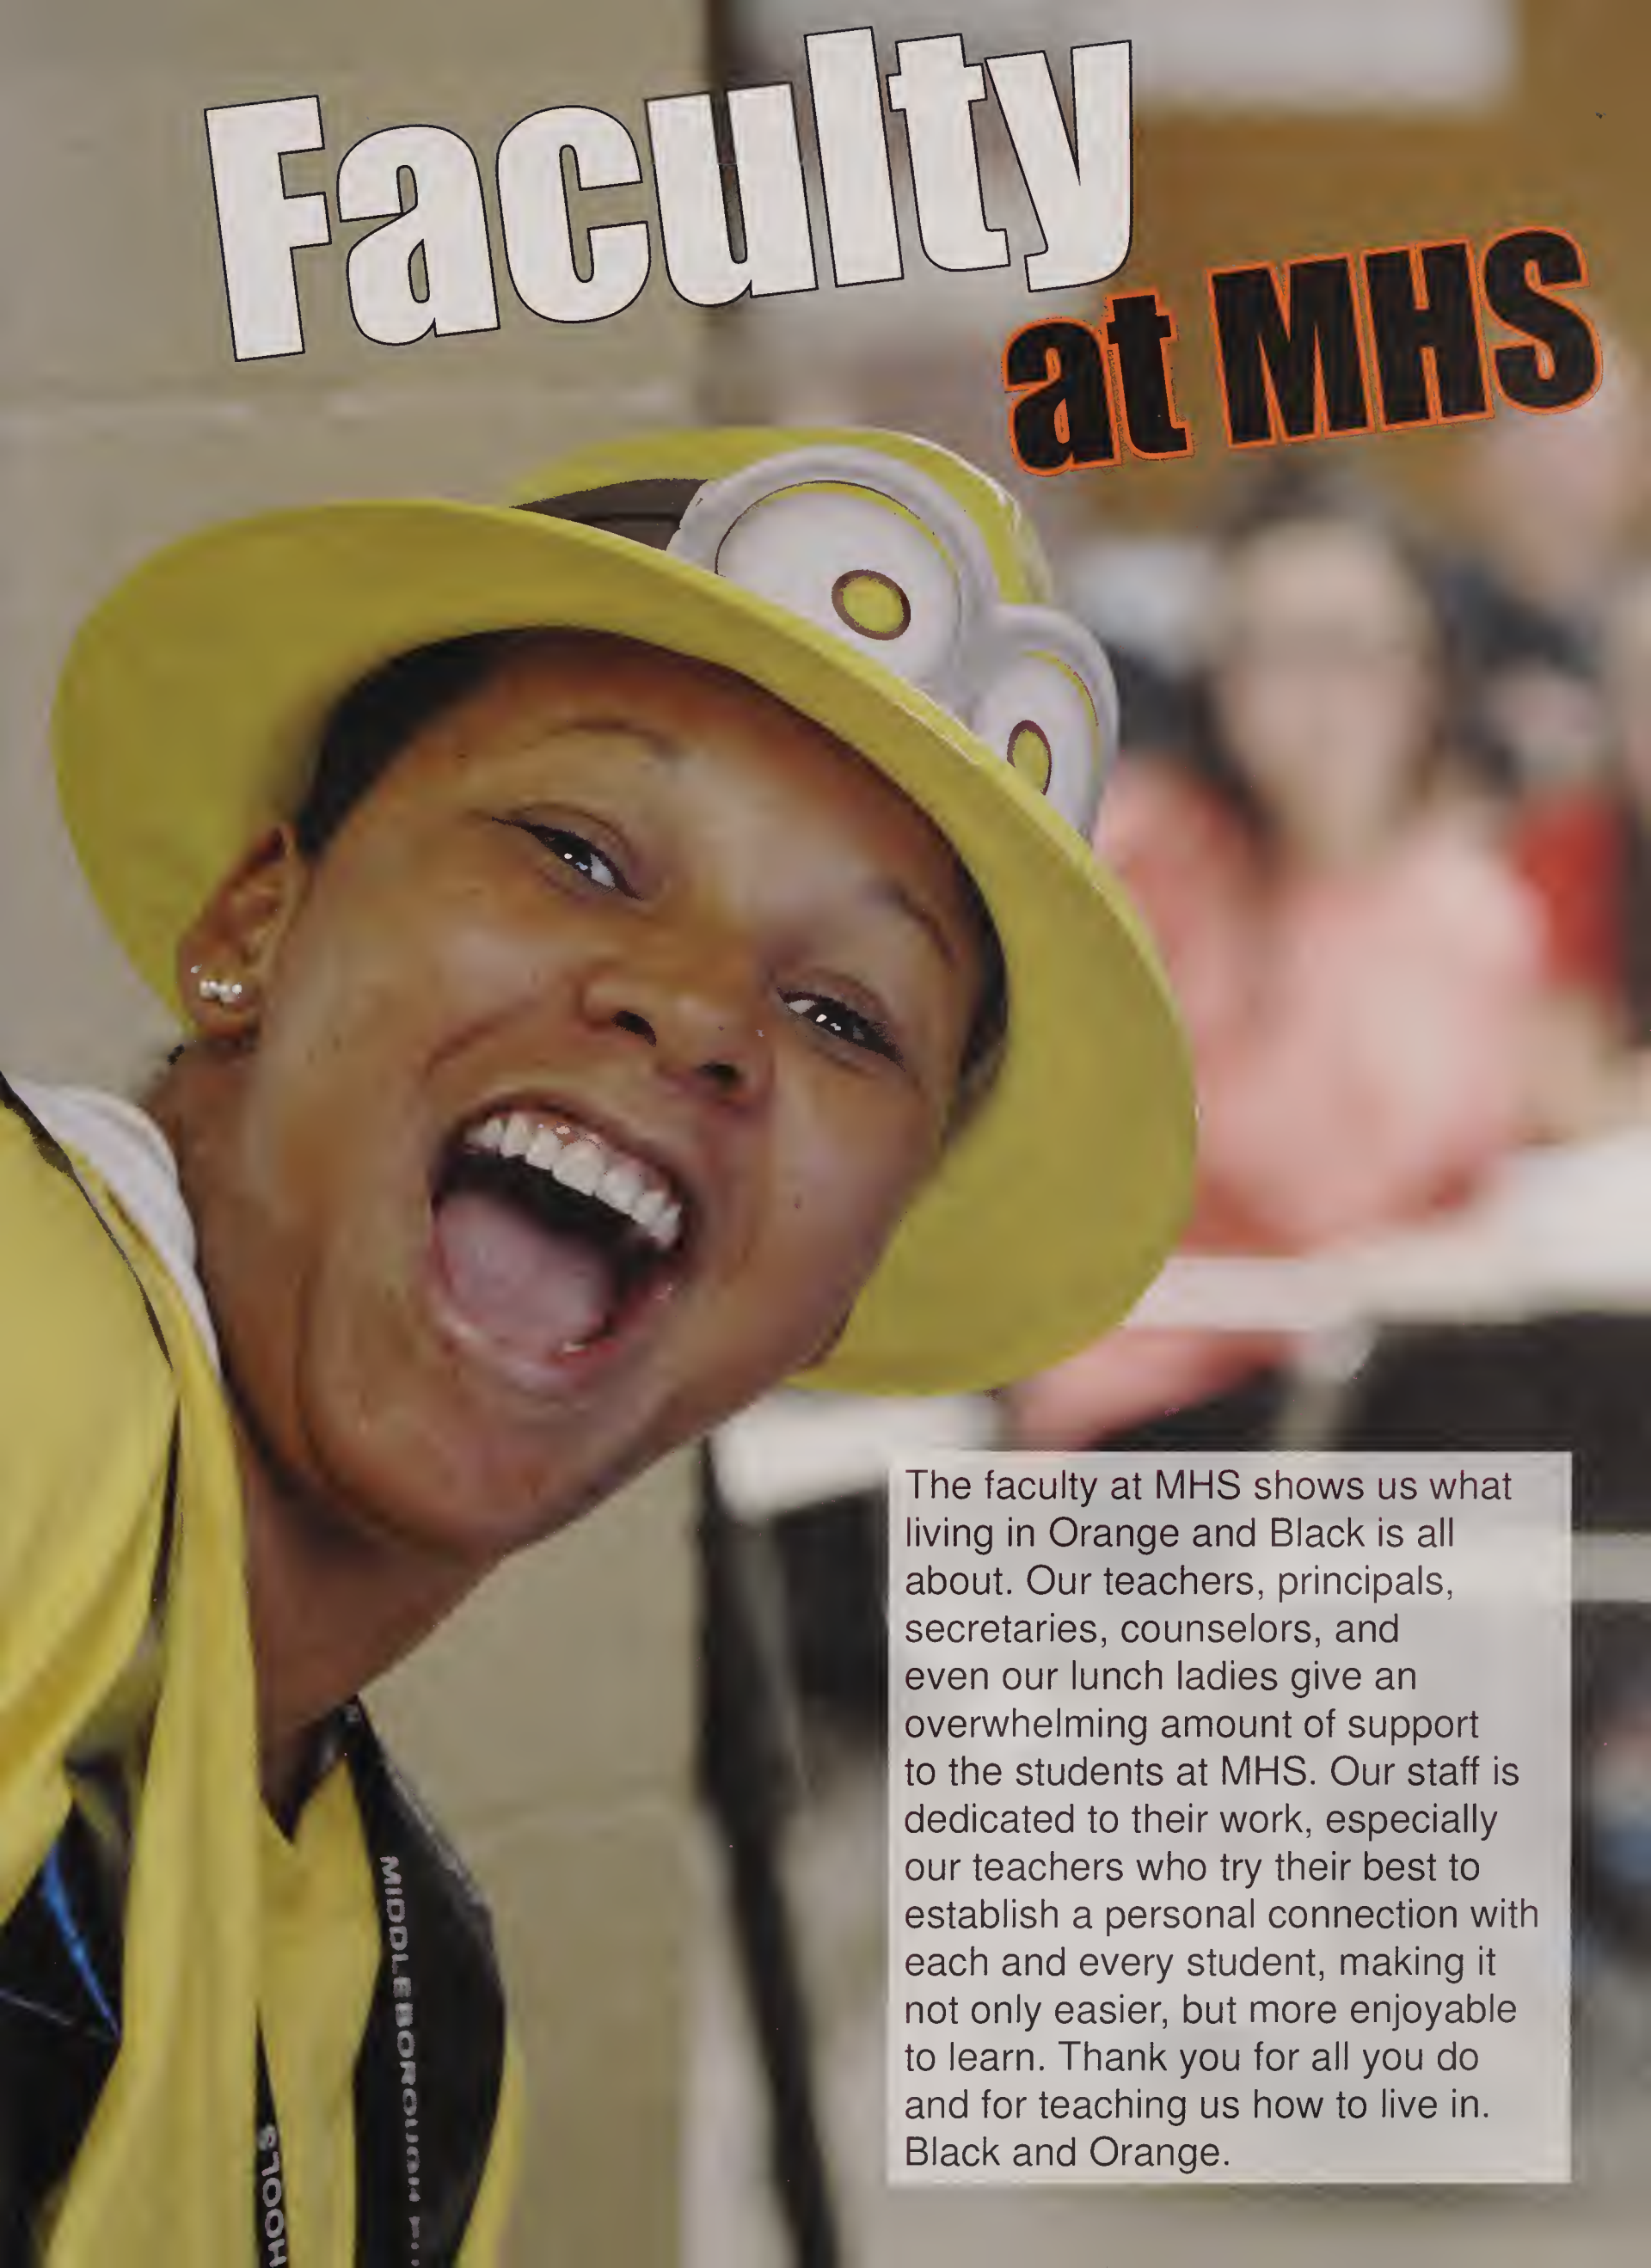
You have excelled in the classroom, on stage, on the athletic fields and within the larger Middleborough communities, and I am confident that you are all prepared with the knowledge and skills necessary to face the next challenge in your lives. Many of you will be headed off to college or technical school while others of you may be headed to the military or the workforce. Whatever path you choose, please know that you will continue to have the support of your family, friends, school system and the Middleborough community.

Please keep in mind that life is a journey, and along the way, you will continually be presented with both opportunities and challenges. Whatever your life brings you, it is important that you remain a lifelong learner and believe in yourself and your abilities so that you might grow to become a better person through each of your collective experiences.

In closing, and on behalf of the entire Middleborough Public School system, please accept my heartfelt best wishes to each and every one of you for a healthy, happy and successful future.

Once a Sachem, always a Sachem.

Faculty at MHS



The faculty at MHS shows us what living in Orange and Black is all about. Our teachers, principals, secretaries, counselors, and even our lunch ladies give an overwhelming amount of support to the students at MHS. Our staff is dedicated to their work, especially our teachers who try their best to establish a personal connection with each and every student, making it not only easier, but more enjoyable to learn. Thank you for all you do and for teaching us how to live in. Black and Orange.

Assistant Principal Appreciation

On February 12, 2016, the Assistant Principals were driven to school in a limousine for Assistant Principal Appreciation Day. They were greeted by students, faculty and staff to celebrate all that they do for the high school. Mr. Dizel and Mrs. Jamenson were given the royal treatment on this special day.

Student Involvement

At MHS, students work diligently to find the perfect balance between academic and extracurricular involvement. After school hours, Sachems are in the library, attending club meetings, practicing out in the fields, rehearsing on stage, in the student council office, in the gymnasium, or in the brand new work-out room, thanks to Middleboro's very own, Oak Point. The students are lucky to have such a variety of options, which allows everyone a chance to get involved. Getting involved in extracurricular activities is a huge part of living in orange and black, and showing true Sachem pride.

Student Council

Middleborough High School Student Council allows all students to get involved. As one of the largest councils in the state, consisting of more than 200 dedicated and hardworking leaders, the MHS Student Council is an award-winning club on the regional, state and national level. From their fund raising efforts to their dances, pep-rallies and other events, we thank our Student Council for always providing engaging opportunities for students. Keep on leading in Black and Orange!

Missing: Owen McCarthy and Julia Dellamano

The MHS Student Council Executive Board works hard to improve the entire council and create the ideas for every event they host. This group of leaders puts in countless hours of work and volunteers their time to not only create a better school environment, but also a better sense of community. Thank you for truly bringing the pride of our school to life.

Speech and Theatre Workshop

Speech and Theatre Workshop (STW) allows students opportunities to learn and apply real acting techniques to perform on a stage as well as learn production behind the scenes. Students have the opportunity to participate in three different shows throughout the school year, including a fall show, Festival, and "That's Entertainment". STW extends the idea of Sachem Pride, by bringing it to the stage.

The officers of STW work hard all year planning, fund raising, and preparing to perform fantastic shows. They are also in charge of planning and running STW's annual Coffee Houses. Every job on the board is of equal importance, so no part of production gets overlooked. Thank you for all the hard work you guys put in to make every STW show the best.

Youth in Government

Youth in Government allows students the opportunity to learn more about the United States government and gives them the chance to draft and debate laws that they can submit to be passed as actual laws. Y&G is based on the YMCA's core values of caring, honesty, respect and responsibility, along with civic engagement and fun. This year's participants are Ashley Barry and Megan Barry.

Key Club

The Key Club is an organization that devotes time to give back to the school, community, and the world. Sponsored by the Kwianis International Organization, the students host annual events such as Eat to Heat and Ice Cream Socials. Thank you for all the hard work you put into making our community great.

To the left, Lauren Knott and Ally Littlefield selling flowers for fellow theatre students performing in "That's Entertainment".

Yess Club

The Youth Environmental Service Society (YESS) is a group of students dedicated to helping nature. Students help recycle all the paper and bottles in the building. Students also participate in an annual Trash Fashion, where they create fashionable clothing out of recycled products. Thank you for all the work you do to help keep our school and our world clean.

Timaron

Each year, students take on the challenge of creating the yearbook, entitled Timaron, which stands for time marches on. These students are involved in every step of creating the yearbook and utilize advanced editing software to accomplish the task. Mr. Healey and Mrs. MacLeod help create the collection of memories for students to look back on.

T.V. Production

Television Production students get to produce, direct, film, and edit their own videos. Television Production students are always working hard to ensure that a visual medium is not only provided for the students at the high school, but throughout the district! Thank you to the Television Production students who "capture" what it means to be involved at MHS.

MET

Gay Straight Alliance

The Gay Straight Alliance (GSA) is a student-run club that focuses on supporting each other regardless of sexual orientation. Every year members participate in a day of silence in order to acknowledge one another. Equality is the message and the GSA does an amazing job of spreading the word.

Book Club

Book Club is for those who really enjoy reading and discussing books! Supervised by Mrs. Phillips, students are able to bring their lunches to the Library and discuss the different books they read.

Math Team

Students who feel like they have a good understanding of mathematics can test their skills with math team. During meetings after school, students work to sharpen their skills and learn new mathematical concepts. Members also travel to other schools to where they have the opportunity to compete for the prestigious Thompson Medal, which is awarded to the highest scorer on the team at the end of the year.

Fire Science

The Fire Science program is an internship held at the Middleborough Fire Department. Interns are invited to work alongside firefighters as they are taught the basics of fire science. They also have the opportunity to perform hands-on activities such as search and rescues, simulated fires, and diving rescues.

Police Interns

Every year, four students are selected to intern for the Middleborough Police Station. By shadowing an officer, students learn how to take calls, send out emergency personnel, and even get the opportunity to sit in on a court case. The best part, however, is the ability to go out on patrol with the Officers.

Childcare

In childcare, Sachems learn how to establish rules, handle daily routines, and deal with a child's social and emotional limitations. For a future career dealing with children, this course teaches students what it takes to properly care for a child.

Majorettes

The Majorettes here at MHS practice advanced and difficult routines to perform at football games, pep rallies, and parades. They also practice routines that they bring to competitions and compete against other towns. This past year, the Majorettes have competed in NEMA competitions, where the girls received 1st place and overall champions in the Open Class, which is the highest level of competition. Graduating seniors Ally Littlefield and Amy Karalus are sad to leave the team after twirling for so many years.

Band

The MHS band always brings the excitement wherever they play. Whether it's pep rallies, parades, or football games, the band is there to pump the crowd up. Mr. Pittsley also challenges his students with complicated and difficult pieces that are performed during their annual winter and spring concerts.

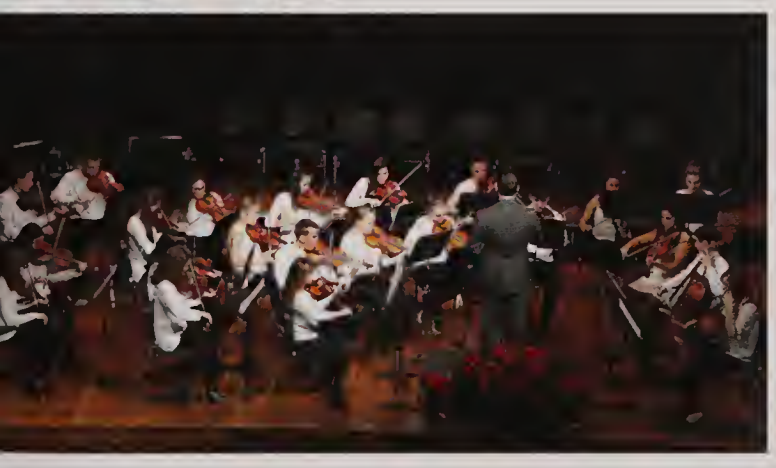
Orchestra

MHS Orchestra was conducted by Mr. Pittsley this year. He challenged his students to reach their full potential with complex pieces. Student perform at winter and spring concerts as well as regional and state festivals.



Concert Choir

Under the direction of Mr. Murray Kidd, both the MHS Concert Choir (auditioned group) and the Sachem Singers are always working hard to learn new vocal material. Whether it's singing the national anthem at one of MHS' infamous pep rallies, performing at locations out of town or competing during the annual music department trip, the MHS Concert Choir is always spreading (audible) Sachem spirit wherever they go!

Boys State and Girls State

An American Legion Leadership Action program known as Boys and Girls State was designed to teach qualified high school students about the structure and function of the government. This program, held at Stonehill College, impresses upon the students the fact that the government is what you make of it. This year's representatives were Caroline Lynch, Alyssa Murphy, Jordan Baker, Benjamin Sangiolo and Douglas Botelho.

Student Trooper

Every year, Middleborough High School sends students that are interested in becoming police officers, or interested in law, to the Massachusetts State Police Academy. These students learn prompting and safeguarding American freedom and rights. The 2015 Student Troopers from left to right were, Dakota Jones, Raschel Gilbert, and Blake Brangan.

Anime Club

Anime Club gives students the opportunity to watch, read, and discuss various Anime shows and mangas. The students meet every week to practice their art and create Anime creations of their own.

HOBY

Every year, a student is selected as the Middleborough High School representative for the Hugh O'Brien Youth (HOBY) Leadership program. The program began in 1958 and continues to develop each year. HOBY reaches out to every private and public high school helping high school student develop their leadership skills. This year, Cody Soderlund was chosen to represent Middleborough High School at HOBY.

School Committee Student Representative

Middleborough School Committee selects a students representative each year. This position updates the school committee on upcoming high school events, as well as gives the students a voice during meetings throughout the school year. This year's representative is Ben Sangiolo.

Student Advisory Council

Each year, two students are elected to Student Advisory Council (SAC). These individuals represent Middleborough High School at the Student Advisory Council where students discuss legislation that impacts all students. This year, the representatives are Jacob Ethier and Hannah McCarthy.

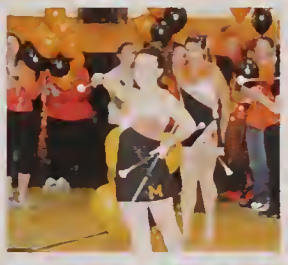
Pep Rallies

Pep Rallies are a MHS tradition. Several pep rallies are held throughout the year, and students can be seen covering themselves in black and orange from head to toe. Participating in pep rallies truly demonstrates what it means to be a Sachem!

This year's welcome back pep rally motivational speaker was Tyler Durman. (below).

The Sachems varsity football team kicks off the rally by performing a play for the audience.



Battle of the Bands

For the first time since 2012, MHS held a Battle of the Bands competition, which was hosted by the senior class. The musical groups Men on the Moon, Jake and the Fish, Skinny Moth and the Prospect, and Socks in the Sink, all competed to be the best band at MHS. The winner this year was Men on the Moon. Rock on!

SENIORS

In Black And Orange

The Middleborough High Class of 2016 consists of 208 intelligent, hardworking, involved, and caring students. These students have received well-deserved awards from academic scholarships, to athletic scholarships and art all-state appearances. Some even hold positions on regional and state student council executive boards. Many of the senior class members have been a part of the STW productions that are held throughout the year, and a few of the students are Festival-award winning actors. Through their time here at MHS, each member of the class has found his or her place in the school and made it a home. The class of 2016 has lived in Orange and Black for the past four years and will continue to show their pride throughout the rest of their lives.

As you begin this new journey
remember that success involves risks.
You can't steal second base and
keep your foot on first.
